Smith College  
Northhampton, Mass.

Dear Members of WCSR,

A belated letter to express our appreciation for your fine hospitality during our day of broadcasting at Smith is definitely in order. You only have to sit around the Network for a while and hear the repeated comments on Smith and our weekend up there to realize how highly everybody at WHRB thinks of Smith. Needless to say, all of us who went up enjoyed ourselves immensely.

As you may have heard, we have been having rather serious troubles with the FCC - one of the reasons for the lateness of this letter. As of now, we are off the air indefinitely, although we may be able to resume broadcasting if we can secure an extension of the rules or a change in the law. It seems we are radiating too much to please the little men with field strength meters. However, we will, of course, continue to exist with the emphasis upon recording, studio rebuilding and bridge. By next fall we will surely be back on the air.

Of course, we hope to resume broadcasting this spring, when depending upon the FCC. If we do, and even if we don't, there is nothing we would like more than to have you come down to Cambridge for a week-end. I am sure something

can be arranged once we begin to see just what is going to happen to us.

Many thanks again from all the members who went up to Northampton for a wonderful time. Here's hoping we see you down here in the spring.

Yours truly,
